

Barsha Sitoula

Data Analyst | Business Intelligence | Quantitative Research

Edmond, Oklahoma • (786) 778-2467 • sitoulabarsha122@gmail.com • linkedin.com/in/barsha-sitoula-6b0111316

PROFESSIONAL SUMMARY

Data analyst and quantitative researcher with graduate training in management science and business administration. Experienced in data cleaning, statistical analysis, dashboard development, KPI reporting, and survey research across banking, higher education, and technology settings. Skilled in translating complex data into clear findings for operational and academic decision-making.

CORE SKILLS

Analytics & BI: Power BI, Tableau, Excel, KPI dashboards, data visualization, reporting

Data & Tools: SQL, Python, R, SPSS, SAP, GitHub, JIRA

Methods: Regression analysis, mediation and moderation modeling, hypothesis testing, bootstrap inference, survey design, model diagnostics

Web & Design: HTML/CSS, Figma

PROFESSIONAL EXPERIENCE

Teaching Assistant / Student Worker

Atlantis University | Miami, Florida Jun 2024 - Dec 2025

- Deliver instructional support in quantitative methods and business analytics, including regression interpretation and practical application of R, SPSS, Excel, and Power BI.
- Create supplementary analytical materials and provide one-on-one guidance on statistical methods and data interpretation.
- Support institutional data collection and analysis of academic performance trends for administrative decision-making.

Trainee Assistant Executive and Business Data Analyst

NIC Asia Bank Ltd. | Lalitpur, Nepal Jan 2022 - Dec 2023

- Built analytical dashboards and validated data pipelines in Excel and SAP to monitor customer retention, service quality, and financial risk KPIs.
- Produced compliance and performance reports aligned with central bank regulatory standards.

Representative Executive and Administrative Assistant

Sudarshan Saving & Credit Co-operative Ltd. | Kathmandu, Nepal Jan 2018 - Aug 2021

- Managed customer accounts, financial records, and transaction documentation while maintaining audit-ready institutional records.

SELECTED RESEARCH EXPERIENCE

Graduate Capstone Researcher

Atlantis University | Miami, Florida Dec 2025

- Designed and administered a cross-cultural survey on artificial intelligence and retail banking, collecting more than 300 responses across the United States, Europe, and Asia.
- Cleaned survey data, constructed analytical variables, and addressed missing data for statistical modeling.
- Estimated mediation models with bootstrapped confidence intervals to examine how explainability influences trust, satisfaction, and loyalty.
- Developed Power BI dashboards for comparing Net Promoter Score and Customer Satisfaction metrics across demographic groups.

Master's Thesis Researcher

Tribhuvan University | Kathmandu, Nepal 2021 - 2023

- Investigated factors affecting internal audit effectiveness in Nepalese commercial banks using multivariate regression in SPSS.
- Performed hypothesis testing, multicollinearity and heteroscedasticity diagnostics, and sensitivity analyses to validate findings.
- Translated results into practical insights on governance and internal control systems in emerging-market financial institutions.

Research Assistant

Tribhuvan University, Faculty of Management | Kathmandu, Nepal Sep 2020 - Dec 2021

- Supported quantitative instrument design, dataset preparation, regression analysis, and production of tables and analytical summaries for academic submission.
- Coordinated survey administration across concurrent faculty research projects and deadlines.
